

RCW 70.47.002 Intent—2002 c 2 (Initiative Measure No. 773). It is the intent of the people to improve the health of low-income children and adults by expanding access to basic health care and by reducing tobacco-related and other diseases and illnesses that disproportionately affect low-income persons. [2002 c 2 s 1 (Initiative Measure No. 773, approved November 6, 2001).]
